LOOKING FORWARD

As this message is being written in January of the new year 1965, it seems a most appropriate time for looking forward to our future Alumni Association activities. It is hoped that you, too, even though you read this in March, look forward to participation in Alumni fellowship with enthusiastic interest.

Having been re-elected to another two year term as your President at our annual meeting November 9, 1964 offers me the knowledge of your confidence in my ability to fulfill this position. With your continued help, guidance and support I shall continue to do my best, in your behalf, regarding Alumni matters. Others elected and re-elected to the Board at the annual meeting for the 1965-6 term are: Second Vice-President—Marie Steinke, Treasurer—Merel Schmittler, Directors—Dorothy Hughes, Lucille Schenck Narva and Magdalene Steward. Re-appointed Chairmen of our Standing Committees are: Florence McCullah Klenze—Education, Marie Hardin Geisler—Revisions, and Velma Bowman—Special Services. Newly appointed Chairman are: Marie Steinke—Membership, Inette Hoxsey—Program and Social, and Dorothea Bossard—Public Relations. Lela Meverdeen Henke, Nancy Nelson, Barbara Edgar Schmidt, and Ruth Schmidt were elected to the Nominating Committee at the annual meeting. In accordance to our Bylaws, the Board of Directors, at a Special Board Meeting held December 14, 1964, appointed Lillian Olsen, Doris Menser Rogers and Diana Winn to this Committee. Barbara Edgar Schmidt was selected by the Committee members to serve as Chairman and member of the Board. You will note that a complete list of names, addresses and positions of Board Directors is on the inside front cover. Standing Committees are listed on the inside back cover. Please feel free to write or call these persons for assistance concerning Alumni matters.

At a regular Board meeting on January 18, Inette Hoxsey, Program and Social Committee Chairman, presented the following dates for Alumni meetings in 1965: February 8, June 14, October 11 and November 8; the latter date will be the annual meeting. Thursday, April 15 will be our Annual Homecoming Day. The Banquet is to be held at the Pick-Congress Hotel. Your invitation and reservation blanks are elsewhere in this issue. Encourage other graduates of our School of Nursing to attend Homecoming—they need not be active Alumni members to participate in the planned activities.

As we look forward to this year, it is hoped that all of you will benefit from your Alumni membership—receiving four issues of the "Alumni News and Views", attending meetings with planned programs, and educational scholarships and loans. Perhaps you know others who would enjoy these benefits. If so, refer them to Marie Steinke, our Membership Chairman. Let us also look forward to a continuance of varied accomplishments and the providing of professional educational opportunities.

I look forward to greeting you at our Homecoming on April 15. A pleasant spring is wished for all.

Sincerely yours,
BARBARA J. PACK
President

EDNA TRAVERS HONORED BY ALUMNI

Approximately 50 Alumni members gathered together on November 9, 1964, in the Washington Room of the Pick-Congress Hotel, to honor Edna Travers, 1926, who has been an officer and member of the Board of Directors for 20 years. A surprised, yet most grateful Edna, was presented a gift certificate from Alumni members and the Board of Directors in appreciation of her devoted service. Having served as the Treasurer of the former St. Luke's Alumnae Association and the Treasurer for the first two terms of our Alumni Association, Presbyterian-St. Luke's, her untiring efforts of loyalty are highly commendable. Always a constant source of knowledge concerning Association matters she has indeed been a valuable member of the Board. Among her many accomplishments, as well as being a most competent Treasurer, she was responsible for setting up our Life Membership Fund and the Blue Cross Service Guild.

Edna Travers—nurse, friend, counselor, colleague—we salute you for your devotion to your profession and to your Alumni Association. Thank you, good luck, and our very best wishes always.

Does anyone know the current addresses of some one listed below? Mail has been returned marked: moved, left no address, or unknown. As you know second class mail is not forwardable unless you make arrangements with the post office to pay postage-due rates. Luckily many of the "News & Views" are returned to me with the new address attached. However, this means that you have lost that issue in most cases. I try to send another copy, usually. But you can understand what a problem this causes. If you do know any of the current addresses would you please send the information, on a postal card to: Miss Magdalene Steward, 1743 W. ANNUAL ALUMNI HOMECOMING DAY

April 15, 1965

Though the day was somewhat cloudy, it could by no means drown out the high spirits of our enthusiastic Alumni for our fifth Annual Homecoming. More than 80 took the Hospital Tours that Miss Payne so kindly arranged with The Volunteer Service who served as tour leaders. Many of us were certainly surprised with all the new changes—the South Center Building, the newly remodeled Health Center Area, several of the remodeled Pavilion floors, and many other changes.

Our Homecoming Day Tea, given by the School of Nursing in the South Lounge of the Nurses' Residence from 3:00-5:00 P.M., attracted over 200 Alumni. This allowed us to meet our classmates and renew many former acquaintances.

As our evening began the Social Hour held in the Rendezvous Area adjacent to our dining room, was its usual fun time, as we registered and found members of our class. Following this hour was our Homecoming Banquet which started with the seating of 368 Alumni and honored guests in the beautiful Great Hall in the Pick-Congress Hotel. Our dinner was served promptly and consisted of delicious roast beef and ended with an ice cream cake topped with their new, special flaming sauce.

Miss Inette Hoxsey, Program and Social Committee Chairman, welcomed the honored guests and Alumni. Those seated at the speaker's table were introduced at this time and included Miss Edith D. Payne, Chairman, Department of Nursing, Presbyterian-St. Luke's Hospital, honored guest and speaker for the evening; Mrs. Barbara Pack, President, Miss Ruth Johnsen and Miss Doris Mills, Alumni Board Members, and Miss Lee Taylor, President of the honored graduating class of 1965.

The honored guests of the 1915 and 1965 classes were recognized. A telegram was read from Miss Attalee Buckingham, 1915, now residing in Memphis, Tennessee. Those present from the class of 1915, celebrating their 50th reunion included: Mrs. Winifred Bramhall Drake, Middlesbury, Vermont; Miss Lena Jacob, Chicago; Mrs. Ida Swanson Peterson, Los Angeles, Calif.; Miss Georgia Winship, Princeton, Ill.; and Mrs. Eleanor Conrad Hebard, Evanston, Ill.

Mrs. Pack, Alumni President, gave the following address: "Fellow Alumni, honored guests of the 50 year class, 1915, and 1965 graduating class, members of the 25th anniversary, Class of 1940, and our special guest, Miss Payne. On behalf of the Board of Directors I extend greetings and a warm welcome to our Homecoming Day Banquet. We wish for all of you a most enjoyable evening."

"It is particularly pleasing to greet the eighty-seven nurse interns of the 1965 graduating class. The promise of the professional nursing field today is that there are beginning to emerge great new endeavors in which the future of nursing is, in practical fact, being created. These endeavors will demand of you, as they do us now, the response of your energy, time and resources. We, as an Alumni Association, now numbering about 2000 members, await your decisions as builders of tomorrow's nurse generations. Our best wishes to all of you for happiness and success in your chosen field of nursing."

"We extend our sincere thanks to you, Miss Payne, and to the School of Nursing for our delightful Homecoming Tea this afternoon. Our sincere appreciation to Miss Inette Hoxsey and her committee for their many hours of thought and effort to make this Banquet such a pleasant occasion. Enjoy yourselves; I look forward to seeing many of you in June at our next regular meeting—and all of you at our 1966 Homecoming."

Miss Payne, Chairman, Department of Nursing, told us of the new trends in nursing and the recent changes that have taken place in our hospital. We appreciate Miss Payne's kindness in writing a summary of her report for publication in this "News and Views", so that all Alumni will have the opportunity to read this.

The 1940 class members present celebrating their 25th Anniversary Reunion had 26 people in attendance. The President of the 1965 Class, Miss Taylor, expressed greetings and appreciation for her class being honored guests at the banquet.

Miss Johnsen read the class roll call. Those classes with outstanding groups of 10 or more included:

(Anniversary Year)

1930 - 12	(35)	1953 - 16
1940 - 26	(25)	1961 - 17
1950 - 13	(15)	1962 - 14
1955 - 11	(10)	1963 - 20
1960 - 51	(5)	1964 - 23

Miss Mills read the State Roll Call. Those attending from states other than Illinois included: Arizona, California, Colorado, Florida, Hawaii, Indiana, Idaho, Kentucky, Michigan, Minnesota, Maryland, New York, New Jersey, New Mexico, Texas, Utah, Vermont, Washington, West Virginia, Wisconsin.

Countries: West Indies, Tanganyika, Belgian Congo.

There were several family combinations present—

Sisters:

Judy Vestal (1965) and Barbara Vestal Larsen (1956B). Gladys R. Heikens (1930) and Lillian Heikens Watts (1940). Judy and Janet Di Vecchio (1964). Lynda Turano (1961) and Cathy Turano (1965).

Mother and Daughters:

Mother Mrs. Doris Holdren Means (1928) and daughters, Patricia Means Martin (1954, unable to attend the banquet) and Bonnie Means (1965).

We were very happy to have two former directors present with us. Miss Henrietta Froehke attended the tea and Miss Madelaine McConnell attended the tea and banquet.

It is hoped that this summary will provide information and a feeling of warmth to all those unable to attend.

As our evening came to an end, it was sad once again having to say goodbye, but everyone left having had a very enjoyable afternoon and evening at Homecoming Festivities. Hopefully next year we can see our number present for homecoming reach 600.

Sincerely yours,
INETTE M. HOXSEY
Chairman, Social and Program
Committee

THANK YOU - THANK YOU

Since it is impossible to send "thank you notes" to each of you who answered my cry for help I want to express my heartfelt thanks for the addresses, and also the sadness in learning about the deaths of three of the people listed. Do you know that there are only six names left on that list who are still "lost". That is wonderful. I think I will try this method again sometime to find "lost" addresses. Thank you again—Magdalene Steward.

MISS JOSEPHINE J. GILBERT RETIRES

Miss Josephine J. Gilbert soon will complete an active nursing career that has spanned four decades. She will move to Sun City, Arizona, where she will live in a new apartment which she owns.

Ten of her 40 years in nursing were spent as director of the School of Nursing and Nursing Service at Geisinger Medical Center, Danville, Pa., the post from which she will retire on July 19.

The School of Nursing was totally reorganized under Miss Gilbert's direction. The end result was full accreditation by the National League for Nursing in 1958. This stamp of recognition has been maintained ever since.

Miss Gilbert has held two major positions since the day in 1924, when she was graduated from St. Luke's Hospital School of Nursing, Chicago. She joined the St. Luke's nursing staff as a head nurse and after a number of promotions became assistant director of nursing and acting director of nursing several times. During her 29-year career at St. Luke's, she was away from students and patients for about three years. With the help of scholarships, the Lead, South Dakota high school graduate and nurse, attended Teachers College, Columbia University. She obtained her Bachelor of Science and Master of Arts degrees in nursing education and administration there. She was an Associate Professor at The University of Illinois for five years. She also took courses at the University of Chicago and attended a school of music in Chicago for seven years.

While at St. Luke's Hospital before W.W. II Miss Gilbert and the Director of Nursing secured permission to materially increase the size of the school. The school was accredited by the National League for Nursing Education and was among the first list of such schools, about 60 in all.

During the war years Miss Gilbert began to train younger women for positions of responsibility to maintain good patient care. Senior students were prepared for charge duties because of the shortage of graduate nurses. The daily average census increased from 500 to over 600 at times.

Miss Gilbert always worked within the framework of good professional nursing organization and had unusual knowledge of responsibilities and limitations of the various nursing service groups.

She has been an active member in state and national nursing organizations, the Susquehanna Branch of the American Association of University Women, the American Red Cross, and her various alumni associations.

Letter from Chairman, Department of Nursing

Dear Graduates:

So much has happened at Presbyterian-St. Luke's Hospital that I want to bring you up to date on the changes.

In November of 1964, Dr. James Campbell, former Chairman of the Department of Medicine, became President of the Hospital. Immediately following this I was asked to reorganize the Department of Nursing, incorporating the three goals of the hospital; patient care, education and research. As many of you know, I have been concerned that nurses at Presbyterian-St. Luke's Hospital have not really had the opportunity to nurse because of the many management responsibilities it has been necessary for them to carry. My concern in assuming this added responsibility was that steps be taken immediately as a part of this reorganization to make it possible for nurses to nurse and to place management responsibility where it rightly belongs. As a result, the following steps were taken:

1. Hospital administration has assumed responsibility for the management of the hospital 24 hours a day, 7 days a week.
2. Hospital administration has assumed responsibility for the management of the former nursing units through a Unit Management Program.
3. A new category of worker was brought into the Nursing Department and classified as a medication technician. These technicians are having a three-month training program and under the direction of nurses administer medications.

On January 4, 1965, I assumed the position of Chairman of a professional Department of Nursing which has comparable status with the Department of Medicine, Department of Surgery, etc., with the Chairmen directly responsible to the President.

We have had a crash program for the training of unit manager and now have managers in all areas. The former nursing unit clerks are now responsible to the unit managers, leaving nurses with the privilege and responsibility for planning, directing and carrying out nursing care without being burdened with unit management responsibility and detail.

All patient care units were reorganized between January 18 and March 15. With this type of organization we no longer have positions classified as supervisor and head nurse. Nurses were selected from the categories of supervisors, head nurses and faculty to assume the newly created position of Coordinator of Nursing on each patient care unit. In selected instances, the coordinator also assumes responsibility for teaching junior students in the clinical area.

A new salary scale was put into effect in February. Registered nurse salaries range from \$5,700.00 to \$6,420.00 annually with a \$240.00 increment each year until the maximum is reached. The differential for evenings and nights is \$60.00 per month.

Our staff of registered nurses and practical nurses has increased each month. There are, however, still registered nurse positions open.

To best achieve the educational goals of the School of Nursing, it was agreed that nursing education must be carried out conjointly with nursing practice and that nurses participating in both education and practice will pursue the objectives of quality patient care and excellence of student education.

As a part of the reorganization of the Department of Nursing, the Chairman of the Department has assumed responsibility for nursing education, nursing practice and nursing research.

The School of Nursing is strengthened and enriched through the following facets of the organization:

1. The Administrative Assistant in Curriculum assumes the major responsibility for leadership in curriculum development, implementation and evaluation.
2. The Director of Student Affairs carries the responsibilities of a dean of students and participates in curriculum development, implementation and evaluation.
3. The directors of sections participate in the development, implementation and evaluation of curriculum.
4. Assistants to the directors, nurses prepared as specialists in clinical nursing, will teach and participate in the development, implementation and evaluation of curriculum.
5. Coordinators of nursing carry the title of instructor or assistant instructor, depending upon their preparation and experience. They assume teaching responsibility for students in the clinical laboratory and may, at given times, participate in classroom teaching. They also have a responsibility for participating in the development, implementation and evaluation of curriculum.
7. The administrative assistants, directors of sections and assistants to the directors assume responsibility for faculty development.

Our nursing department is now one in which nurses can nurse and also participate in developing methods for the improvement of patient care and education.

The following chart shows the departmental organization.

Very sincerely yours,

CONGRATULATIONS 1965 GRADUATES!

Dear Graduates,

The Board of Directors and Members of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing extend their sincere congratulations upon your recent graduation. We also extend a warm welcome to courtesy membership of our, now your, Alumni Association, a fellowship of more than 2,000 graduates.

The completion of this phase of nursing education opens doors to you, the graduate nurse, to new horizons and new fields of specialization. Your nursing service and skill require decisions which will influence you and the future of the nursing profession. We, the Alumni Association, hope you experience success in your chosen field of nursing.

As an annual or life member of the Alumni Association, you receive many benefits. For those seeking advanced nursing education, scholarships and loans are available. To keep you informed of the activities of fellow classmates, and other Alumni, the "Alumni News and Views" is published four times a year. As courtesy members you will also receive the November issue. Meetings of the membership that feature programs of broadening interests are held in February, June, October and November. Homecoming Day is held annually the third Thursday in April. Notices will be mailed to you about these various events.

We look forward to greeting you at our regular meeting in October. Best wishes to all.

*Cordially yours,
(Mrs.) Barbara J. Pack
President*

ALWAYS NEEDED

Support of, interest in, and enthusiasm for your Alumni Association—these are always needed. It is for these reasons that I write messages informing you of meetings held by the Board as well as the general membership.

Regular meetings were held on February 8 and June 21. The Board of Directors met on March 8, May 10 and June 21. In appreciation of the fine program on Cardiovascular Surgery presented by Dr. William Staub on February 8, a contribution was given to the Cardiovascular Research Fund of Presbyterian-St. Luke's Hospital. Upon recommendation of the Education Committee, three graduate scholarships and one student scholarship were approved by the Board at the special meeting on June 21. Once again, we are in grateful receipt of a generous contribution for our student scholarship fund from the Chicago Presbyterian-St. Luke's Hospital Nurses of So. California.

At the regular meeting held June 21, Miss Ruth Schmidt presented the Nominating Committee's 1966 ballot for the following positions: First Vice-President, Secretary, 3 Board Directors and 4 members of the Nominating Committee. Since ballots will be mailed in October the biographies will come then also.

Changes made in our Standing Rules were adopted by unanimous vote of those attending the meeting. The Rules outline the Standing Committees, responsibilities of their chairmen and members, and duties of the registered agent and executive secretary. After the business meeting, Dr. and Mrs. Clarence Monroe, attending plastic surgeon at P.S.L. Hospital, presented interesting slides of their missionary experiences in South Korea.

Much thought and preparation is given to the planning of programs and achievements of the Board. This is done for you, the always needed members of our Association. We welcome your comments and suggestions anytime—whether they be of praise or constructive criticism.

I hope you have had a pleasant summer and will have an equally enjoyable fall.

Sincerely yours,

(Mrs.) BARBARA J. PACK

President

TRIBUTE TO MAUD GOOCH

Once in a life time a personality comes into being and gives to everyone she knows a feeling of confidence in themselves, encouragement, helpfulness and love for humanity—such a person was Maud Gooch of the class of 1906. As night supervisor at St. Luke's Hospital for twenty-seven years, she could have ruled with an iron hand, but instead she used her hand to extend love and friendship. She knew all the "higher-ups" but it was the Junior nurses who were her joy. She was the ambassador for St. Luke's (without portfolio). Her help came from love of the nurses and loyalty to the profession.

She traveled far and wide over the country and it was the St. Luke's cap that led her on.

Chicago Presbyterian-St. Luke's Nurses of Southern California Summary Letter of April 24, 1965 Meeting

Dear Member,

The fifth annual meeting of this group was held at Dublin's Food and Inn restaurant, 6220 West Third St., Los Angeles. There were fifty-six members and one guest present.

Miss Mary Allfree, chairman, welcomed the group, introduced the officers and those at the head table; then each member identified herself by name, school and year of graduation.

Mrs. Eleanor Butler, Secretary-Treasurer, read greetings from those unable to attend. Greetings were read from Miss Madeline McConnell, Benton Harbor, Michigan; Miss M. Helena McMillan, Boulder, Colorado; and from Miss Maud Gooch, Harbert, Michigan. We know that all of you will be saddened to know that Miss Gooch passed away quietly and quickly at her home the evening of May 15th. She was 84 on January 9th.

The committee honored all graduates of fifty years or more with corsages. There were lovely Hallmark decorations on the tables.

A letter from Mrs. Florence Klenze, chairman of the Education committee of the Chicago Alumnae Association acknowledged the donation of \$100 sent to the Carrie B. McNeill Student Scholarship Fund. The group voted to send a \$100 donation again this year.

The steering committee recommended that the annual meeting be held at Dublin's every year. This met with the approval of the group.

Mrs. Betty Parker was elected chairman for the ensuing two year term. Miss Irene Carlson was elected Assistant secretary-treasurer.

Our active mailing list has now dwindled to only 150 names. May we remind you that the Active Membership List "shall consist of those nurses who respond, within any consecutive 2 year period, to the invitation to the annual meeting. Those who do not respond within such a period will be eliminated from the active mailing list. "Respond" is interpreted to mean "returning the response section of the invitation to the Secretary-Treasurer, even if the member cannot attend the luncheon".

We thank you many members who send their \$1 annual dues and those who generously contribute more. This money finances our donation to the scholarship fund and carries on our activities, such as this letter and the enclosed directory.

We hope each of you will make it a point to send names and addresses of nurses you meet throughout the year.

We hope to see twice as many members on April 30, 1966 at Dublin's.

It took Connie a while to get used to the fact that all the nurses here outrank him. They are all majors at the hospital. He said it was sort of like being a Medical Student again. These nurses have quite a few interesting stories to tell about setting up operating rooms on some hot, dusty Korean plain.
Connie took Part I of his surgical boards in December and passed.

Part II is coming up in June—we think in Pittsburg.

My nursing has been mainly confined to volunteer work. I have my Red Cross pin, which equals 50 hours service. I'm accredited to teach both the Nurses Aides and Mother and Baby classes. They have been fun. We also have a blood bank here once every couple months, and during the hurricane season (fall) we are put on call for disaster nursing. We have a lot of low lying areas, and most of our work last fall had to do with flooding.

Now we are looking forward to summer on Chesapeake Bay. This is delightful. The beach is just across the street, as is the Officers' Club. We've been out on fishing trips.

Our boys are growing so! Joe will be 4 this April and is attending Nursery School. Stevie is 2½.

Georgiana Vaichis Tully—Has 3 little girls and lives in North Dakota.

Susan Wandry—Someone reported that Susan is having a ball in San Francisco—with postcards coming from Hawaii, Las Vegas and Mexico!

Betty Wingard—Left her job at Elmhurst Hospital last September and is now a student at the University of Illinois.

Donna Mannel Wiencek is working part time at St. James Hospital, Chicago Heights, Illinois. I'm working on a medical floor. Family is fine.

1961—Marian Diekman Kicker lives in Palos Heights, Illinois. Her husband Lee teaches biology at Lockport High School. For the last two years, she has been school nurse at Oak Lawn Community High School. She is temporarily retired now.

Judy Weibel Yockey and family live in Shelbyville, Illinois. I'm busy with two little boys and working part time in OB.

Suzanne Weber Brand is living in Hyde Park, New York. I've been working part time at Vassar Brothers Hospital. Our daughter will be two in July. Our home is right between the Vanderbilt Mansion and the home of Franklin D. Roosevelt. 1962—Mary Jo Stelk Corboy and husband John, vacationed for 2 weeks at the home of his parents in Honolulu, Hawaii. Small world! 1964—Sandra Berkebile Schroeder is working part time at Highland Park Hospital. Linda Wallins has B.S. from North Central College, Naperville, Illinois.

It was my pleasure to extend greetings and best wishes to members and honored guests who attended the Banquet. The annual meeting will be held on November 15.

In appreciation of the fine program on Cardiovascular Surgery presented by Dr. William Staub on February 8, the Board approved a contribution to the Cardiovascular Research Fund of Presbyterian-St. Luke's Hospital. Changes made in our Standing Rules were adopted by unanimous vote of the members attending the regular meeting on June 21.

The Board of Directors held four regular meetings on January 18, March 8, May 10 and September 20, 1965. Two special Board meetings were held on December 14, 1964 and June 21, 1965. Your President presided at all meetings.

In accordance with our bylaws, business under the authority of the Board of Directors was carefully considered and acted upon in the best interests of our goals.

The Alumnae Association, St. Luke's Hospital School of Nursing, on August 15, 1948, received a bequest from the estate of Elizabeth D. Bush of an undivided one-half interest in 184 acres of property located in California. Upon the merger this property was transferred to the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing. After much discussion and deliberation the Board of Directors voted approval to sell the property. On July 8, 1965 the property was sold, the net receipts of \$2909.04 being deposited in the Student Scholarship Fund.

Upon recommendation of the Education Committee two graduate scholarships, one graduate loan and one Student Scholarship Award were approved for 1965. Miss Patricia Joling was presented the Alumni Association Student Scholarship Award by your President and Education Committee Chairman, Mrs. Florence Klenze.

This past year our Association has been in grateful receipt of monies for memorials and contributions to our Educational Funds. At their Annual Luncheon in April the Chicago Presbyterian-St. Luke's Hospital Nurses of So. California again granted a contribution to the Student Scholarship Fund. A memorial scholarship or loan can be granted by the Alumni Association when monies equivalent to these sums are contributed. Those interested in memorials may contact our Education Committee Chairman or the President.

As your representative I accepted an invitation to attend the Graduation Breakfast at the School of Nursing and the Commencement Service at Orchestra Hall on September 9. Our Alumni Association Award was presented to 1965 graduate Mrs. Marilyn Cruikshank Ferry, for outstanding performance in patient care, scholastic achievement and citizenship.

To the Board of Directors whose terms expire this year I would like to express thanks and appreciation for their service: First Vice President and Finance Committee Chairman—Mrs. Kathryn Minor Gdalmán, Secretary—Miss Sarah Zeeman and board members Miss Ruth Johnsen, Miss Edna McCullough, and Miss Doris Mills, and Nominating Committee Chairman—Mrs. Barbara Edgar Schmidt. It is a privilege to have such enthusiastic and interested persons active on the Board.

Sincere thanks to all members of our Association for your support, interest and enthusiasm in Alumni affairs. This makes our Board work worthwhile and gratifying, and helps our future growth.

Respectfully submitted,
(Mrs.) BARBARA SHIPPY PACK
President

TREASURER'S REPORT

We have examined the Statement of Financial Condition of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing as at August 31, 1965 and the related statements of cash receipts and disbursements of the several funds for the year then ended.

In our opinion, the accompanying Statement of Financial Condition and the related statements of cash receipts and disbursements present fairly the financial position of the Alumni Association, Presbyterian-St. Luke's Hospital School of Nursing at August 31, 1965 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

CLASS NEWS

1928—Lucille Carpenter Coombs sends an article which appeared in the Cedar Falls, Iowa News on July 15, 1965. She says it's an accurate account of a group of her classmates and so will print it as it appeared in the paper—

If the romantic set has fears of blind dates, they should observe the happy reunion here this week end of five couples who were paired as a result of blind dates many years ago on a balmy afternoon in Chicago.

It's rather a long and confusing story, but in the main there were a half dozen lonely young attorneys working in the windy city; and there were a like number of pretty nurses at the old St. Luke's hospital at 14th and Michigan, (now St. Luke's-Presbyterian hospital), and one of the lawyers asked one of the nurses if they couldn't find dates for a dance at the Coconut Grove.

As it turned out that Adele Kline from LaSalle, Ill., could and did and from that arrangement Alice Brink, of Clarence, became the wife of Harold Fristedt, now an Algona attorney; Lucille Carpenter from Michigan, became the wife of Roy Coomes, Oak Park, Ill. retired attorney of the First National of Chicago; Marg Lumbeck from Valpariso, Ind. became the wife of Scott Elliott, rolling mill superintendent at Gary, Ind.; and Veronica Sedar, from Akron, Ohio, became the wife of Cedar Falls attorney, Iver Christoffersen. Incidentally the arranger subsequently became the wife of John Hansen, who is sales manager of Walnut Grove Products at Atlantic. For about the past 15 years this group each year has met in Cedar Falls, and the men assemble at the cottage on the Cedar; while the former nurses take over the Christoffersen city residence. Three of the men, Fristedt, Coomes, and Christoffersen, all graduates of law at the University of Iowa, had been undergraduate room mates, and two others were apartment sharers.

All of these folks affirm that while their first dates were blind, they weren't.

1929—Lillian Jordan O'Neal, moved to Lake Oswego, Oregon in October. It is a beautiful spot outside of Portland. This move was made because her husband was transferred there.

1932—Lyle Johnson Welk has been in charge of Recovery Room at Hinsdale Hospital for the past 10 years. Her daughter finished school last year and works for a Pediatrician. Her son is a freshman in college, working toward Pharmacology. She hears from Ruby Crocker and Marguerite Kilgas and says hello to Lillian Jordan and Rosemary Scott.

1947—Ann Woodworth Meissner received her Ph.D in counseling from the University of Wisconsin, Aug. 1965. She has just accepted a position with the Educational Research and Development Council in Minneapolis, where she will be moving to with her son, John. She would like to thank the Alumni Association for the scholarship she received several years ago. Her daughter, Edie, who was the first baby in the class of 47A, will be a freshman at Beloit College this fall.

Madison has a Chapter of the Alumni Association. Anyone interested in joining, please contact: Ruth Hersekorn Hanson, Phone No.: CH 9-1552.

1950—Grace Schlener Piper writes that Ruth Braner Baker, husband and 4 boys stopped to visit this past summer. They would like to see some news from the 1950 class in the **Alumni News and Views**. Anyone from St. Luke's around Cleveland, Ohio—Grace would like to know. She's at 20300 Parkview Ave., Rocky River, Ohio.

1951—Joan Neuman Swistowicz is critically ill at Sherman Hospital in Elgin, Illinois. Joan is the mother of 5 girls and 1 boy. Well wishers may send cards to her at the hospital or at her home—463 Sunset Drive, Elgin, Illinois.

1958—Jan Pollock Ulrich writes that their new house in Lincoln is really home to the family this year. Jan has taken up a new hobby of finding old furniture pieces to refinish and antique. Having joined a swimming club in early summer, a likely spot to find her for a couple hours each day was at the pool with Lynda 5 and Alex 3. Ed's hobby has had Jan literally up in the air. Last November they flew to Las Vegas for a medical meeting and ten fabulous days. Upper Michigan was the next flight destination for a week's visit with Jan's family during August.

The first one of the new addresses belongs to **Judy Garrett Thomas**. In November this family moved to a larger, split-level home on half an acre of land just out of Decatur. Allstate transferred Tom to become claim manager for a large territory in northern Illinois. Daughter Jill begins kindergarten this fall now that she is 5. But the most important revelation concerns daughter Leslie who arrived in July 1964. Leslie was found to have a potent ductus arteriosus. Surgery was performed on June 7 at Presbyterian-St. Luke's by Dr. Weinberg. Naturally, Judy did some private duty and sums up her return to pediatrics as "strange—especially with my child as patient". With Leslie mended and well, family had plans for a trip to Kansas City, Missouri during the summer.

Happily settled and enjoying the summertime in Elk Grove Village is the family of **Sue Getzelman Thiede**. Sue writes that she seems to stay busy gardening, homemaking, and mothering Gail 3 and Paul 2. In mid-December, the Thiedes will welcome their third child.

Sara Eigenmann Taylor gets credit for one of the new addresses. Last September marked their move into a new three-bedroom brick home in Speedway. Tom is Treasurer of Speedway Savings and Loan Association, so we can all guess where that mortgage is. Andy 4 and Ellen 1½ have a great time with the pet Dachshund Heidi, while civic and church organizations keep their parents on the go.

The Stork family still numbers four, although **Sonja Hilliker Stork** has big expectations for Christmas. Santa has her special order for a new piano! Don has begun his seventh year at Boeing (aircraft) Company, and for recreation he turns to golf. Sonja is thinking of taking up the sport just as soon as David 4½ and Michael 3 allow her some leisure time too. Washington weather has been cooperatively sunny this summer, so the Storks have enjoyed their new Olds 85 convertible on picnic outings.

The mountains at Taos, New Mexico were a real challenge to **Betty Spencer** who got a close look from a pair of skis last February. Sounds exciting, but such a long way to travel for a little snow, Betty! In more serious moments, Betty continues her job in the DuPage County Health Department. A trip to Alaska is already on the schedule for next summer, and Betty extends an invite to anyone who would like to come along and see the biggest state in the Union.

"It's unbelievable, but we've moved again!" writes **Ruth Mickley Smith** from the new split-level home in a suburb of Birmingham. Dave changed divisions in his company and is now manager of a branch entitled Photocopy. The move took place last February. Sarah 6 starts school in September, while Jeff at 4½ is too young to make the grade (pardon the pun). Once again the Smiths have undertaken the care of foster children. For six weeks of their brief time in Alabama, they made a home for a boy 6½, a girl 5½ and a boy 3. Sounds like a busy household to say the least. Our sympathy and best wishes to Ruth whose Father has been critically ill this year.

Wilmington, Delaware has become the postmark on letters from **Dee Parks Smith** this September. Ed finished the thesis to his Masters Degree in Physics during the summer, and has accepted a job with the engineering-physics laboratory of DuPont. Dee is most excited

about moving, especially since Wilmington is close to the state of Maryland, and Maryland is home to a couple of other Presbyterian classmates.

Ellie Purcell Slaviero and family are still located in Portland on the Pacific. Con continues as Base Chaplain with the Air Force. Ellie has discovered that there are four nurses in her half block, so the thirty-or-so neighborhood children get lots of TLC for their hurts. Among the crowd are her own children, Julie 6 and Todd 3. Bowling is the favorite fun-time activity for Ellie and Con this year.

Carol Schroeder Seiwel announces that their one "big" event of the year was the birth of son Neil on May 27th. We are inclined to agree since he weighed in at 9 pounds 1 ounce. Brother Carl is now 2 years old. Carol writes that the boys and gardening add up to a full schedule. Burt is presently involved in Data Processing Management with the Naval Department. Summer plans were to stay close to home except for perhaps a trip to visit the Seiwel grandparents in Pennsylvania.

The one and only horse which was mentioned in the opening tally is a Palamino colt named Pal that was born on May 30th to a mare on the Texas ranchette of Jon and **Sylvia Wentworth Ryan**. (Some sentence!) Jon has continued as Principal of an elementary school of 850 pupils. Sylvia has maintained her professional status as nurse in a junior high school. Tim 5 and Steve 3 are enjoying the company of their little sister Kathy who arrived in July 1964. All this and astronauts, too? Well, that's Texas for you!

This has been a busy year for **Connie Schuster Ryan**. Having received her Bachelor of Arts degree in Romance Languages, Connie is now headed toward a Master of Arts in French and Italian at the University of Chicago this fall. Dr. Will Ryan is an attending physician in Endocrinology at Presbyterian-St. Luke's. Daughter Anne 2 completes the family. Connie has spent the summer working at Pres. and describes it as "immense, very streamlined and mechanized". She also sends a favorable report on the improved nursing care there since the inception of the new unit management program which has freed staff nurses from administrative duties and returned them to patient care. In this new program, there are no head nurses or supervisors. An R.N. Co-ordinator works between two floors planning hours and solving nursing problems, while a Unit Manager handles all non-nursing work on the floors. It does indeed sound like a good approach to the nurse shortage. Our thanks go to Connie for this first-hand report on our Alma Mater.

Instead of moving to the east coast as anticipated last year, **Cynthia Sizer Rupp** and family have remained in Illinois. However, there is a new address in Elmwood Park as of September 1st. Herb is now a national salesman for Motorola. Cheryl is 4½ and Brian is 3. Cynthia gives special mention to sewing, gardening and canning along with the usual homemaking tasks.

Kevin Richardson is now a year old, while sister Kelly Lee claims the ripe old age of 2. They are normal, active kids according to their Mom, **Mary Hopkins Richardson**. This family is happily settled in its new home in Derry, New Hampshire. Mary works full time evenings in a small local hospital. While doing mostly medical-surgical nursing, she gets an occasional change of pace in the emergency room and obstetrics; and she finds the casual, informal atmosphere of the small hospital very pleasant.

This year finds **Kathy Welterlen Rees** as far west as possible in the continental United States. The place is San Diego, California. Gary is literally "at sea" these days in that he is communications officer on the submarine **Catfish**. It is hoped he will be home for Christmas. Brian is in first grade this fall after a summer full of butterflies (current interest). At 3, Anne is a study in perpetual motion. In June, Kathy found herself teaching vacation Bible school to first and second graders. Other summer plans included swimming, learning bridge, a trip to Disneyland, and writing innumerable letters to a husband out on the briny blue.

Niagara Falls will continue to be home town to **Connie Tingstrom Ray** for at least another year. The Rays still number four, including Cheryl $5\frac{1}{2}$ and Judy $3\frac{1}{2}$. Their month long vacation began on June 23rd with a trip to Illinois, Missouri, and Wisconsin.

Ted and Camille Muelchi Proud are pleased to report the birth of Cara headed, blue-eyed charmer" by her "proud" Mother. With another Elizabeth on December 20th. This little girl is described as a "red-mouth to feed, Ted found it necessary to resume employment and has become Administrative Assistant at Evangelical Hospital on the south side of Chicago. He is continuing his studies at Kent College of Law on a part-time schedule. In July, the family moved to a new address across the street from the hospital. Camille has chosen to stay home with Cara for the present, even though work is so readily available.

Living in Mt. Prospect started out being somewhat hazardous for **Judy Farley Pitek**. Last November they moved into a new house. Winter brought roof-high snowdrifts; spring rains created a lake in the front yard; summer heat and wind have produced virtual sandstorms on the property; and seasonal tornado warnings did nothing to enhance the situation. The wild weather caused Deborah to suggest that they ought to move to Grandma's house in Canada. But with improved weather as the year advanced, the Piteks have been busy with landscaping and lawn. In the middle of June, the family drove to Canada. Deborah $4\frac{1}{2}$ and Greg $2\frac{1}{2}$ spent the summer with their maternal grandparents. Meanwhile, Judy worked full-time at West-lake Hospital. It is hoped the Judy's parents and sister will be able to spend Christmas with them in Mt. Prospect.

Carol Kabella Nelson reports that she attended Homecoming last April 15th and was surprised at the small representation from our class. Although Pontiac is a small town, living there is far from dull for the Nelsons. Nancy $3\frac{1}{2}$ and David $2\frac{1}{2}$ have top priority on their Mother's time. Then Carol divides the remaining time between being an officer in the Women's Club, being chairman of the Nursing Scholarship Committee of the hospital auxiliary, and serving on the Executive Board of the Livingston T.B. Association. Jim is enjoying a flourishing dental practice, and devotes his leisure time to the great game of golf. In May, the Illinois State Dental Convention took them to Rockford. The national convention will take them to Las Vegas in November since Jim is state delegate. (Forget pennies; start saving nickels, dimes, quarters and halves now, Carol.) Incidentally, Carol spent summer vacation sitting on a vacant lot watching the construction of their new house.

Carbondale is now the hometown of **Trudy Moser Naugle**. Herb was transferred from Ashland, Kentucky to a job at the new federal penitentiary in nearby Marion, Illinois. Greg 3 and Pamela 1 make this family a foursome. Trudy keeps busy at home, and also works part-time at Doctors' Hospital. It is good to have Trudy on Minnie's list this year.

This year started out to be rather quiet for **Polly Harper Mayes**. Easter was the occasion for a Mayes family reunion in east Texas. The pace quickened in May when Polly took Cathy on a trip via Greyhound for a three week visit with the Harper grandparents in Champaign, Illinois. The long hot summer was pleasantly interrupted with a number of visits by family and friends. Church work accounts for many hours of activity. George completes a five year term as Deacon in December, and six years as teacher and superintendent of the senior high class and youth fellowship. Polly has rejoined the choir; and having attended a lab school in August, she is somewhat prepared to teach Sunday school to four year olds starting in October. Outstanding events on the fall calendar are the State Fair in October, and a second Mayes family reunion at Thanksgiving.

Joan Spohr Linden has acquired fifteen more credits toward her college degree in nursing during the past year while attending night school. She hopes to return to school on a full-time schedule and complete

requirements in the near future. Summer plans included doing some special duty nursing, and an exciting trip to Hawaii in July. Thomas 2 will miss Richard 4 when playschool starts in the Fall. And that's the news from this Air Force family in California.

It's good to have **Ellie Devries Lewis** in the letter again this year. (We missed you in 1964!) In February, the family moved into a big house in Ottawa. The purpose of the move was to make room for the third child scheduled to arrive in late June. Ellie says she is not partial. A daughter would be nice, but she has gained lots of experience with sons **Greg** and **Bobby**.

It is necessary to travel fast to keep in touch with **Carol McGee Langendorff**. A year ago Carol and son Peter spent three months in the Chicago area while Herb was on maneuvers in South Carolina. Carol and Pete returned to Fort Bragg in September, and Herb got home at Thanksgiving. Christmas found them at a reunion with Carol's family in Florida. Then in March, Herb attended the Canadian Provost Corps School in Toronto, Canada. He arrived home in April just in time to be sent to the Dominican Republic crisis. Carol has had a good bit of time to fill during Herb's absences. Her activities included redecorating the living-dining room; bridge; picnics; coffees; visiting family in Florida; and sight-seeing at the Busch Gardens in Tampa and Cocoa Beach. Pete 4½ has been looking forward to kindergarten in September. Carol has been looking forward to having Herb home for a while.

Shirley Wolfe Krick has had four-fold responsibilities much of the past year. The primary one was homemaking and caring for Tommy 2. The second was keeping the office work up to date at Tom's sporting goods business. The third was caring for Tom's Mother during the final months of her illness with cancer. Mrs. Krick passed away on April 2nd, and Shirley greatly misses her very special mother-in-law and dear friend. Last but scarcely least was the preparation for the arrival of daughter Sheryl who was born on April 1st. Minnie thinks that Shirley deserves a pat on the back for her efforts during a most challenging year.

Pat Kelsey Koch is the only "tried and true" member of our class working full-time (in the Anaesthesia Department) at Presbyterian-St. Luke's. Kimberly Ann 1½ is an active toddler who keeps her Mom on her toes at home too. Pat and her husband have had a satisfying year completing do-it-yourself projects around the house. The family interest in canines centers on a new beautiful black standard poodle which has been doing well in Chicago area dog shows.

No longer is the great Southwest home to **Nancy Sweeney Kepple**. Paul has accepted a post-doctoral fellowship in physics at the University of Maryland beginning this fall. Nancy will just about have time to get settled at the new address, because in early October there will be a brother or sister for Stephen 2.

Phoenix is now the permanent address of **Mary Jane Wicoff Kehle**. Dr. Kehle completed the third and final year of a residency in obstetrics and gynecology, and opened an office in July. Last February, the family moved into a larger house with double the floor space of the previous dwelling. Beth 4½ spent the summer learning to swim, while Deborah 1½ prefers the agile sport of climbing onto anything available. Mary Jane "retired" a year ago in June, but is making plans to attend night school in September.

The main event of the year for **Sandy Crawford Hill** was the acquisition of a new home in Springfield. Laurie 4 is trying to master the arts of jacks and jump rope. Sandy observes: "It's a small world." One of her neighbors turned out to be Nancy Grady '57 who occupies a house down the street with her husband and two sons.

A springtime earthquake in the Pacific Northwest was an experience that **Jan Aykens Hammond** will not likely forget. Jan says her tremors lasted long after those of the earth had ceased. Chuck was actually delivering a baby at the time. (Can you imagine what that mother thinks about labor and delivery?!) In April, the family spent two

weeks in California and was duly impressed with Disneyland and Marineland, but not the wet weather. July found them on a return trip into British Columbia. This summer marked the end of Chuck's residency in obstetrics and gynecology. So in September they will move across the continent to Patterson Army Hospital at Fort Monmouth, New Jersey. With the three summer trips completed, the new trailer has been pretty well broken in. Monique 4½ loves the trailer and is a big help at loading time. Bella, the two year old French poodle, travels well too.

May was moving time for **Janie Keister Gouwens** into a new town-house apartment in Aurora. Debbie 4½ misses the kindergarten deadline by one day, so she will start nursery school instead. Janie has continued working part-time in the operating room at Copley Memorial Hospital in Aurora. Other interests include church activities and sorority alumnae. In June, Jane and Debbie spent a week vacationing at a small resort in northern Minnesota. Jane says she worked there in her "youth". Come on now! We're all still young aren't we?

"Status quo" describes the situation of **Dee Fortney Goodfellow**. This indicates the same address, the same job, and the same complaint that Seattle summers tend to be cold and clammy. Last fall, the Goodfellows visited in Chicago for the better part of five days and basked in the warm sunshine. February was the month for a return trip to Mt. Hood for some more skiing. A second trip took Dee to Los Angeles to visit Bill's parents in their new beach home. Life back in Seattle requires two cars, so the Goodfellows now boast two matched blue Volkswagons (marked His and Hers?). Sonja Stork lives about a mile away, so she and Dee get together for lunch periodically when Dee has an afternoon off.

Gay Crawford Ferry continued to work part-time evenings until the last few months. Her "retirement" was made necessary by the impending arrival of a third offspring in July. Both Tommy 5 and Debbie 3 were duly excited about the baby. Understandably, vacation came early for this family. In May they took a short trip to Springfield and toured the sights of the Capitol city. Tommy will be among the many children starting kindergarten this fall.

Addison is now the town address of **Dorothy Robinson Evans**. Richard is still with the Elmhurst Police Department. A little busy bee named Susie completes this family trio. For a while, Dottie worked two nights per week in labor and delivery at Central DuPage Hospital in Winfield. But with the change in home address, Dottie also changed her work address to Northlake Hospital. This job added post-partum and nursery to her responsibilities. Unfortunately because of financial problems, the job didn't always insure a paycheck. So Dottie is now enjoying a sojourn as housewife and mother, but may resume the nursing profession some time in the future. Our thanks go to Dottie for the news about Norma Kubosh and Flo Bryja Phillips which you will find in the newsletter post scripts.

Summertime found this family moving from Chicago-land back out to the Pacific Northwest. **June Caldwell Chitty** writes that they are happy to return to this part of the country, and expresses the hope that this will have been the last long distance move. Jack is entering private practice in internal medicine in association with four other men in Oregon City just outside of Portland. Leisure activities will include trout fishing (what—no salmon?). June will join the Portland Museum School of Art this fall.

Judy Prelipp Bush sends word that all is well in Palatine. Sara 4 and Scott 1 both celebrated birthdays in May, and have enjoyed the summer sunshine. Dan keeps busy and happy doing research with American Can Company, and enjoys gardening in his leisure time. Summer vacation plans included a trip to Wisconsin, and a visit to a relative's cottage on the Illinois River.

Barb Kukuck Brandon has been elected President of the Illinois Research and Education Hospital house staff wives' club for the coming year.

She is well prepared for the job having served as Vice-president and program chairman last year. Barb's favorite hobby of painting pictures, not walls) has been set aside for a time, and she has been sewing up a storm for Susan 4 and Sally 3 instead. Stan began his final year of orthopedic residency at R & E Hospital in July. After a year in research, he was eager to return to the clinical area. In early June, the family took a relaxing weekend trip to Rochester, New York. Also in June, a second journey took them to the funeral of Stan's brother who had leukemia. On July 31st, Barb's brother was married. So this has been an involved summer for the Brandons.

Nikki Weiss Bresnahan writes that their photography business is prospering. Early this spring, Nikki and Bob took a three week trip to the west coast while Johnny $3\frac{1}{2}$ stayed home with his aunt. They drove out in a new gold Cadillac convertible (a delivery for Hertz to the Los Angeles Airport), and flew home. Enroute they saw Salt Lake City, visited Bob's parents in Tucson, and spent some time and money in Mexico. Following vacation, they attended the annual state photographers convention at Peoria where they exhibited some award-winning photos. Congratulations! Now about that solid gold Cadillac.

Akron is now the permanent address of **Carol Holmes Boyles**. Dr. Carroll has an office for the practice of obstetrics and gynecology in Akron. Carol herself keeps busy in the new office as secretary, and at home caring for Tommy 3 and their two French poodles. It has been a year and a half since the auto collision. Carol has had two bouts of surgery on her eye, and says that things are beginning to clear up. An exploratory laparotomy done on her last fall leads Carol to the conclusion that they very nearly own a room at the hospital.

As anticipated in the last issue of "Minnie", **Dottie Bossard** broke away from the hospital atmosphere to work for three doctors during a three month interval last fall. But the hospital was more to her liking than office nursing; so she returned to Swedish Covenant Hospital and spent a couple months on the night shift. In January, she became head nurse on a medical floor. Then in May, Dottie managed to arrange for a few days off and drove east through scenic Pennsylvania. There was even a day to spend at the New York World Fair. The first two weeks in June were spent at a favorite vacation spot in Phoenix.

Another Mother of three is **Kate Maloney Borgsmiller**. The children are Dirk 3, Jane 2, and Johanna who joined the family on July 20th, 1964. Kate retired from nursing after the third child arrived, but has done some private duty since then. Besides homemaking, Kate helps Fritz in their store and on buying trips. Bridge is an occasional source of recreation for energetic Kate.

Betty Brinkman Best claims still another of the new addresses. John has just about decided to make a career of Air Force Medicine, and they will remain at Lockbourne Air Force Base for another year. During June, the family got settled in some roomy new quarters on the base which has five bedrooms and two baths. Donald is now $5\frac{1}{2}$, and Cathy is 4. Baby Joseph at $1\frac{1}{2}$ is in the final stages of cleft lip and palate repair. Another member of the household is Betty's sister Barbara who at 13 comes in handy as baby sitter.

Roger and Mary Mark Barclay are proud owners of a new home in DeKalb, and spent summer vacation getting settled in it. Mary is completing her third year on the staff at the University Health Service. One other highlight of the year was a jet flight to Tucson for a Christmas with Roger's family.

Ever wonder what happened to Cleopatra? Well, her namesake is an English bulldog that dwells with **Mickey Dittmar Aurand**. Gregory 5 starts school in the fall. Katy 4 and Andrea 2 will keep their Mom company at home for a while yet. Mickey had a busy June including a trip to visit her Mother in Appleton, Wisconsin. The other main project of the month was preparing for 2,000 visitors at the opening of George's new clinic building on July 3rd. George became a full

partner of "Medical Associates" in August, and the clinic now numbers ten physicians (5 specialists). Mickey's other activities include being editor of the Clinton Junior Women's Club, and treasurer of Clinton County Medical Wives Auxiliary. In December, she'll be co-chairman of decorations for the annual charity ball. One thing more: Mickey played (1st) prize-winning bridge in a tournament last June.

A year ago, **Janet Anderson** took a vacation trip to Nassau. She attempted some spear-fishing, but was diverted by the beautiful "under-water-land" of the Bahamas. In March, Janet spent a week skiing in the winter wonderland of Taos, New Mexico. The ski lodge had French hosts and delicious French cuisine. But life is not a perpetual holiday. Most of the time, Janet is busy working in the office of Dr. Edwin Irons in Chicago, and attending night school. In a couple semesters, she'll receive a degree in English literature from Northwestern University. Leisure activities for this summer included cycling and tennis. Welcome back to the newsletter, Janet.

Norma Kubosh was in Chicago for the summer. In June she received a Master of Science in Nursing from the University of California. As of September, Norma will be back in San Francisco for more post-graduate work.

Flo Bryja Phillips and her family caught a camping bug, and submitted to the illness during a two-week trip out west this summer.

Mary Fleury Mueller hosted a luncheon in June for some of the Chicago area crowd. Guests included Carol Ramsey Crofoot, Camille Muelchi Proud, Barbara Kukuck Brandon, Judy Prelipp Bush, Judy Farley Pitek, Dorothy Robinson Evans, and all the kids. A good time was had by all.

Nancy Sithen is a 1st Lieutenant in the Air Force, and is stationed at McDill Air Force Base in Florida.

Mary Jane Kellogg Watson received the best news of the year. Her doctors decided that the disease was not Multiple Sclerosis after all. Mary Jane is back on her feet, and we all rejoice at this marvelous change of events!

1958—**Walt and Jeanette (Engelbrecht) Whisler** are the first husband and wife team in surgery at Pres.-St. Luke's for several years. Walt just finished his residency in neurosurgery and is on the adjunct staff. Jeanette is an assistant supervisor in orthopedic and neurosurgery in the O.R.

1960—**Susan Wandrey** and **Agnes Suzuki** are renting a home together in San Francisco. They both enjoy cooking and Aggie's hobby is gardening. Aggie is still working for Pan American Airlines, but, is no longer a stewardess but is training stewardesses. She takes interesting trips every so often. She was planning a month's vacation to Tokyo, Hong Kong and Bangkok in October. Susan is working in Radiation Therapy at the University of California. She is fascinated with the Bay Area and finds many new things to see.

Kitten Bernard was recently married to Victor Struch in Chicago. Most of her former roommates attended the wedding.

Ed and Jane (Washburn) Eigenbrodt just moved to Dallas, Texas where Ed will complete his Pathology Residency.

1962—**Sue Siegert** writes from Okinawa where her husband is a Captain in the U.S. Army Medical Corps. They have a 22 month old son, John Robert. They miss the USA but are enjoying the luxuries of having a maid. Sue has joined the R.N. club which is very interesting. They hope to do some traveling before returning in the fall of 1966. She would appreciate any mail from her classmates. Capt. Robert F. Siegert, 156th Med. Det. 1st SFGA Bn, APO San Francisco, California (96331)

1964—**Anita Ris Burke** is working full time in obstetrics at Sherman Hospital in Elgin.

For the past year **Cheryl Wheeler** has been an office nurse in Valparaiso, Indiana, but after her marriage in October moved to Vassar, Kansas.
